ISSUE 109 - 4 APRIL 2022

Although the temperature took a turn for the worse last week it didn't stop Rob from TWICB dusting off his camping gear for a weekend under canvas near the south coast. Visits to taprooms at 360 Degrees Brewing, Abyss Brewery and The Beak Brewery ensured the cold weather discomfort was suitably anaesthetised.

Our Grand Beer Tours are starting to get booked up, so don't miss out on these iconic trips - book now to avoid disappointment. New England, New York and Brussels Tours currently available.

Working with breweries to strengthen their brand through packaging

BREWERS CORNER

Sacha Lord, the Night Time Economy Advisor for Manchester, is predicting a rise of as much as 20p per pint within the next three months, once the VAT rise is added to inflationary pressures, and after supply chain issues and energy price increases.

<https://www.morningadvertiser.co.uk/Article/2022/04/01/will-the-cost-of-a-pint-increase-this-year>

Considering the range of challenges the industry is facing this year, it could easily be more than 20p.

The Pub Curmudgeon has some considered commentary on the effect that Minimum Unit Pricing is now having in Scotland, in as far as it relates to triggering beer-runs to the North of England.

<https://pubcurmudgeon.blogspot.com/>

He rightly points out that this effect will no doubt be magnified in the case of Wales, due to the proximity of large English Towns to the Welsh border.

How about some good news, for a change? The Drinks Business published a list of the 10 cities which opened the most pubs in 2021.

<https://www.thedrinksbusiness.com/2022/04/the-10-british-cities-that-opened-the-most-pubs-in-2021/>

It is easy to overlook the fact the lots of awesome new Taprooms and Bars are opening all the time, in an industry that is experiencing significant transition.

Finally, Yakima Chief have been awarded a patent for the process that produces their superb Cryo Hops branded pellets.

<https://beertoday.co.uk/2022/03/29/yakima-chief-cryo-hops/>

We think that Yakima Chief deserve great credit for the amazing hop products they supply to our industry, which are a significant factor in why Craft Beer is so great in 2022.

TAPROOM REVIEW

Full Circle Brewery & Taproom, Hoult's Yard, Newcastle upon Tyne NE6 2HL

Full Circle Brewery was established just over 2 years ago in late 2019 and quickly made a name for itself. The brewery was awarded 2020 Best Newcomer by Beer52, and ranked in the top 10 new breweries in the World by RateBeer in 2020. It is situated about a mile away from Newcastle City Centre and, if you like exercise, there is a pleasant walk along the Tyne to reach it.

The Full Circle Taproom is located on the first floor of the brewery building. Here you can immerse yourself in the brewery environment, as the glass-fronted taproom overlooks the entire brewery.

With enough tables and seating for up to 80 people inside, the taproom is immaculately kept and scrupulously clean. If the weather is good there is a large seating area at the front of the building and also a newly constructed garden area with a half a dozen tables.

The bar offers up to 20 different cask and keg beers featuring their core range, seasonals, collaborations and guest taps from some of our the best craft breweries. Wine, spirits and soft drinks are also available for those so inclined.

When I visited in late March I started with a flight of 3 Full Circle core beers and then gradually worked my way through the beer menu. There were some terrific beers available including a stunning barrel-aged farmhouse saison which was the pick of the tap.

Freshly made pizzas, cooked on the premises, are available and were quite delicious, the perfect accompaniment to craft beer.

The taproom welcomes bookings as well as walk-ins and is open from Wednesday through Sunday. Check their website for opening times and to book. Table Service is still the norm here and ordering is made via a QR code and the ReOpen website. It's quick and easy to use once you have registered your details and method of payment.

Newcastle is certainly a great place to visit for craft beer fans with many excellent pubs, bars and brewery taprooms in the city and it's a destination I thoroughly recommend.

PATREON

Discover the benefits of membership

When we launched This Week in Craft Beer in January 2020, we were blissfully unaware of what lay ahead of us! Considering the obstacles, we have all faced, we are proud of what we managed to accomplish in our first year.

However, we have lots more that we want to do in 2022! In order to fund these activities and to enable our Community to get more involved with the creative process at TWICB, we have launched a Patreon Membership Programme.

Full details of how you can get involved starting at less than the cost of a half-decent can of beer per month, can be found at patreon.com/thisweekincraftbeer.

Don't worry, our weekly Newsletter and Podcast will continue to be FREE FOR EVERYONE! The Patreon Membership offers access to range of brand new TWICB Products and Services. Please check it out and let us know what you think?!

www.thisweekincraft.beer/patreon

Q. Why are you starting to charge for things that we have enjoyed for free all this year?

A. We aren't! The weekly Newsletter and weekly Brewer-interview Podcast will continue to be **free to everyone**. Patreon will enable us to offer brand-new additional products and services to Members.

Q. What's this about Members getting involved with TWICB?

A. We have been amazed and delighted with the amount of engagement and feedback we have received during our first year, via social media, email etc. The UK Craft Beer Community is clearly engaged, knowledgeable and sociable! We want to provide a mechanism for bringing the community into our creative process, allowing people to participate in the planning, research, production and delivery of our products.

Q. Why do you have to charge for things?

A. TWICB is run by just two people: Rob and Steve. Whilst it is undoubtedly a labour of love, it has developed into something that consumes a significant part of our working weeks. Steve works mainly on the Newsletter, where the New Beers Section alone takes many hours per week, to research, collate and format. Rob works mainly on the podcast, where each episode takes several hours to schedule, research, record, edit and promote. Whilst we will continue to invest this time to produce the free products, we think Patreon could be a great way of funding the time and effort that we want to devote to developing new products and services.

Q. Apart from your time, what specifically will the Patreon proceeds be used to fund?

A. As soon as the COVID-19 situation permits, we want to take the podcast on the road, to record Brewer interviews at their own Taprooms, as well as record live segments at Festivals, Tap-Takeovers and other beery events of note. In order to provide a quality finished audio product, we will need to invest in some decent mobile recording equipment, not to mention the cost of travelling the length and breadth of Britain in the pursuit of great interviews!

Q. What is the thought process behind the bundles of Patreon Membership bonuses that you are offering?

A. We have tried to come up with bundles that combine some community benefits, exclusive digital products, exclusive physical products, invites to exclusive TWICB events, discounts on TWICB Grand Tours and opportunities to participate in the TWICB creative process. We have tried to price each Membership Level so that each offers outstanding value for money. We have also tried to be mindful of the number of Patreon members that we can realistically include in each bonus activity. (Clearly the invite to participate in the podcast interview or attend the TWICB "Board Meeting" needs to be strictly limited in numbers, or else the bonus would cease to be "exclusive" and would risk disrupting the actual process itself.)

Q. Are the Membership Benefits and Levels set in stone?

A. Of course not! We are literally making this up as we go along currently! We would love to get your feedback on the Levels, the Benefits, and indeed the very idea of using Patreon in the first place! Please hit us up on IG (@thisweekincraft.beer) or via email rob@thisweekincraft.beer. We confidently expect to need to adjust the Patreon model as we go along, based on feedback.

Q. Is this like a Gym membership, where I sign up in January, and then regret it for the rest of the year?!

A. Definitely Not! Membership is month-to-month and you can cancel your membership at any time. Only caveat here is that certain Member Benefits (mainly those ones that involve a significant cost for us to provide to you) are only unlocked after three or six months at a certain tier.
