OCTOBER 24th 2022

Government Farce

If someone was submitting a screenplay for a movie or TV Series and they presented a script based on recent government events, it would have been rejected out of hand for being too ridiculous and far-fetched. What the heck is going on? The country needs strong leadership to get the economy back on track, instead, we get a total debacle!

For the immediate future it seems the only solution is to drink more beer with fingers crossed and watch this whole spectacle play out.

Cheers.

The Podcast with Neon Raptor Brewing Co.

You can listen to the Podcast by downloading through the normal channels, including Apple and Spotify from 4am Monday.

EPISODE 131 - NEON RAPTOR BREWING CO.

We are delighted to welcome to the podcast, Tom from Neon Raptor Brewing Co, based in Nottingham.

It all started with some homebrew on the kitchen hob with a Wilko's stock pot, some garden hose and a copper pipe. Pleased with the progress, they decided to enter the Brewdog Nottingham homebrew contest 2015, which, to their delight they won. This gave Neon Raptor the encouragement they needed to give brewing a go for real.

From April 2016 there followed a period of cuckoo and gypsy brewing at various venues in the East Midlands, before establishing their own brewery and taproom in Sneinton Market in Central Nottingham.
